

Descendants of Bill {J79} (#1) and Clara (Salamon) MALONEY (#2)

I think that everyone is familiar with the numbering system whereby Dad is "J79". But, just in case, the explanation is that Dad was the 9th child of the 7th child (his father Patrick) of John (his grandfather and our immigrant ancestor). Each generation adds a digit to their parent's number. As eldest child of J79 my number is J791, my eldest child is J7911, my second child is J7912, etc. The other number in brackets (#xx) is the chronological number assigned when an individual is either born or marries into the Maloney family.
